

SFTE European Chapter 22nd SFTE-EC Symposium

June 14-16, 2011
Centre de Congrès Pierre Baudis
Toulouse - France

CALL FOR PAPERS

Flight Tests: First Customer

As the last step of the development process, Flight Tests shall guarantee a successful Entry Into Service. In only some months, every operational conditions of the future life of the product shall be validated, which implies to apply representative procedures. Papers reflecting these and other flight testing challenges will be favoured in the evaluation of abstracts. Abstracts should specifically point out the connection to the theme.

Please submit an abstract of your paper (no more than one page) describing the objectives, results and lessons learned from your experience to:

denis.lafourcade@airbus.com

Deadline for abstracts: 15th February 2011

Notification to authors: 15th March 2011

Final paper submission: 15th April 2011

More details information about the programme will be available on the SFTE-EC web-site www.sfte-ec.se

The Symposium will be organized simultaneously on the same site with ETTC' 2011 (European Test and Telemetry Conference).
